

WE ARE GRADUALLY WELCOMING YOU BACK Together – with Confidence

While the Joseph P. Addabbo Family Health Center has remained open during this pandemic, we have appreciated your patience as we have worked to limit COVID-19 transmission through reduced schedules. We have now begun a gradual return to our full health services and are getting ready to welcome you back to our offices. In compliance with all federal, state, and local government regulations, we will be following all federal, state, local and CDC guidelines to ensure you and your family receive the health care you need in a safe, healthy environment.

We will be phasing in our approach to reopening with your safety and comfort level in mind and important the following safety measures are in place for your safety:

- *Prompt patient triage*
- *Mandatory face masks for patients and staff*
- *Appropriate protective gear is worn by our staff*
- *Thorough cleaning of equipment after each use*
- *Social distancing measures in waiting rooms, lobbies and elevators*
- *Frequent and routine disinfecting of the entire facility*
- *Staggered entry to our offices to prevent crowding (You may be asked to wait outside, or in your vehicle, until your doctor is ready to see you.*
- *Installation of new protective barriers throughout the office where appropriate*

TELEHEALTH VISITS

It has never been easier to access healthcare from our JPA providers using our Telehealth video/audio conferencing tool. These visits provide an innovative and efficient way to attend appointments in most areas from the privacy and comfort of your home, office or any remote location. Call 718-945-7150 to make your appointment.

**Together, we can make health care during this
pandemic a safer experience for all.**
